**Cross Sectional Shape:**

Rectangular

**Cross-sectional Height:**

Between 0.111 inches and 0.139 inches

**Cross-sectional Width:**

Between 0.188 inches and 0.204 inches

**Special Features:**

Ends to be cut parallel on 45 degree angles

**Material:**

Wool comp 12r1

**Material Specification:**

C-f-206 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
