Cross Sectional Shape:

O-ring

Center Hole Diameter:

Between 0.421 inches and 0.431 inches

Peripheral Diameter:

0.566 inches

Material:

Rubber silicone class q

Material Specification:

Ams 3303 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
