Cross Sectional Shape:

U intermediate ring

Temperature Rating:

-45.0 degrees fahrenheit and 250.0 degrees fahrenheit

Intermediate Ring Quantity:

6

Material:

Cotton top ring and rubber butadiene-acrylonitrile class nbr top ring

Material Specification:

904 fscm 81168 mfr ref single material response bottom ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
