Cross Sectional Shape:

V intermediate ring and flange intermediate ring

Inside Diameter:

2.750 inches

Outside Diameter:

4.000 inches

Intermediate Ring Quantity:

7

Height:

Between 2.062 inches and 2.094 inches

Material:

Rubber synthetic separator

Material Specification:

7986 fscm 73680 mfr ref single material response bottom ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
