Cross Sectional Shape:

Rectangular

Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

Not rated

Temperature Rating:

Not rated

Length:

Any acceptable

Surface Condition:

Smooth

Cross-sectional Height:

0.312 inches

Cross-sectional Width:

0.375 inches

Special Features:

Flexible sponge rubber with adhesive backing on one side, ozone resistance

Material:

Sponge rubber

Material:

Sponge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
