Cross Sectional Shape:

O-ring

Temperature Rating:

-65.0 degrees fahrenheit and 250.0 degrees fahrenheit

Cross-sectional Height:

0.103 inches

Center Hole Diameter:

11.156 inches

Material:

Rubber butadiene-acrylonitrile class nbr

Specification Data:

30377-21937 manufacturers specification control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
