Cross Sectional Shape:

V

Cross-sectional Height:

Between 0.048 inches and 0.052 inches

Center Hole Diameter:

Between 0.515 inches and 0.519 inches

Peripheral Diameter:

Between 0.604 inches and 0.608 inches

Extra Long Reference Number:

845-2110228 assembly h piece 32 1/2 in

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3652 assn standard single material response

Reference Number Differentiating Characteristics:

As differentiated by extra long reference number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
