Cross Sectional Shape:

V

Cross-sectional Height:

Between 0.038 inches and 0.042 inches

Center Hole Diameter:

Between 0.244 inches and 0.248 inches

Peripheral Diameter:

Between 0.348 inches and 0.352 inches

Extra Long Reference Number:

845-2110228 assembly h piece 33 1/2 in

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3652 assn standard single material response

Reference Number Differentiating Characteristics:

As differentiated by extra long reference number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
