Cross Sectional Shape:
V
Cross-sectional Height:
Between 0.038 inches and 0.042 inches
Center Hole Diameter:
Between 0.244 inches and 0.248 inches
Peripheral Diameter:
Between 0.348 inches and 0.352 inches
Extra Long Reference Number:
845-2110228 assembly h piece 33 1/2 in
Material:
Plastic polytetrafluoroethylene
Material Specification:
Ams 3652 assn standard single material response
Reference Number Differentiating Characteristics:
As differentiated by extra long reference number
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A032a0
