Cross-sectional Height:

1.000 inches

Center Hole Diameter:

Between 1.363 inches and 1.366 inches

Peripheral Diameter:

1.625 inches

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A032a0
