Cross-sectional Height:

0.812 inches

Center Hole Diameter:

Between 0.316 inches and 0.317 inches

Special Features:

Threaded retainer with 0.625 inch hex head

Material:

Steel comp 1212

Material Specification:

Qq-s-633-fs-b1112 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
