Cross-sectional Height:

Between 0.135 inches and 0.143 inches

Center Hole Diameter:

Between 2.835 inches and 2.883 inches

Peripheral Diameter:

3.137 inches

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
