Cross-sectional Height:
Between 0.135 inches and 0.143 inches
Center Hole Diameter:
Between 2.835 inches and 2.883 inches
Peripheral Diameter:
3.137 inches
Criticality Code Justification:
Zzzy
Reference Number Differentiating Characteristics:
Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A032a0
