Cross-sectional Height:

0.050 inches

Center Hole Diameter:

Between 0.996 inches and 0.998 inches

Peripheral Diameter:

1.237 inches

Joint Type:

Scarf-bearing surface one side

Special Features:

4 notches; 2 on each side

Material:

Plastic polytetrafluoroethylene

Material Specification:

720, fscm 07128 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
