Overall Length:

2.140 inches

Temperature Rating:

-105.0 degrees fahrenheit and 400.0 degrees fahrenheit

Overall Width:

0.960 inches

Special Features:

K0.450 in. Wide min and 0.720 in. Wide max; 0.450 in. Lg min and 1.480 in. Lg max, 0.06r maximum five places; smaller gasket mounted on larger gasket 0.120 in. Min and 0.540 in. Maximum along lg and 0.120 in. Along width

Material:

Rubber silicone class q

Material Specification:

Ams 3195 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
