# NSN 5330-01-204-4735

Packing Retainer - Page 1 of 1

Cross Sectional Shape:

Channel

Center Hole Diameter:

1.742 inches

## **Special Features:**

Four notches evenly spaced along face

#### Material:

Plastic polytetrafluoroethylene

### **Material Specification:**

Turcon, fscm 97820 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No
