**Cross Sectional Shape:**

Straight face, double scraper

**Inside Diameter:**

0.875 inches

**Outside Diameter:**

Between 1.620 inches and 1.623 inches

**Material Thickness:**

Between 0.930 inches and 0.935 inches

**End Application:**

637 cl periscope hoist cy

**Material:**

Copper alloy 630

**Material Specification:**

Qq-c-465 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A08400
