Cross Sectional Shape:

C-section w/ flat spring

Seal Width:

Between 0.072 inches and 0.076 inches

Housing Bore Diameter:

Between 0.276 inches and 0.286 inches

Construction:

Solid

Material:

Plastic polytetrafluoroethylene

Material Specification:

Astm d1457 type 4 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
