Cross Sectional Shape:

Tee intermediate ring

Inside Diameter:

0.751 inches

Outside Diameter:

0.863 inches

Intermediate Ring Quantity:

1

Height:

0.149 inches

Material:

Rubber butadiene-acrylonitrile class nbr intermediate ring

Material Specification:

5770 fscm 72902 mfr ref single material response top ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
