Cross Sectional Shape:

O-ring

Cross-sectional Height:

Between 0.112 inches and 0.120 inches

Center Hole Diameter:

Between 1.165 inches and 1.177 inches

Functional Description:

Tube fitting boss appl

Reference Data And Literature:

Sae as568

Specification Data:

36659-Is14619 manufacturers standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
