Tempurature Rating:
-65.0 degrees fahrenheit and 275.0 degrees fahrenheit
Cross-sectional Height:
Between 0.269 inches and 0.281 inches
Center Hole Diameter:
Between 15.445 inches and 15.505 inches
Peripheral Diameter:
16.025 inches
Elongation Percentage:
160
Criticality Code Justification:
Zzzy
Material:
Rubber butadiene-acrylonitrile class nbr
Reference Number Differentiating Characteristics:
Clean in accordance with mil-c-52211
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:

A032a0
