Cross Sectional Shape:

Tee packing

Inside Diameter:

2.848 inches

Outside Diameter:

3.243 inches

Special Features:

Piston type seal

Height:

0.326 inches

Material:

Rubber synthetic packing

Material Specification:

Mil-r-8791 military specification single material response single ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

Mil-h-5600 spec.
