Cross Sectional Shape:

Hollow bulb

Cross Section Inside Diameter:

0.218 inches

Cross-sectional Thickness:

0.062 inches

Cross-sectional Height:

0.312 inches

Cross-sectional Width:

0.812 inches

Construction:

One-piece

Material:

Rubber silicone class q

Material Specification:

Ams 3303 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
