Cross-sectional Height:

0.500 inches

Rim Surface Width:

Between 0.218 inches and 0.220 inches

Peripheral Diameter:

Between 1.433 inches and 1.436 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a225 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
