Cross Sectional Shape:

O-ring

Cross-sectional Height:

0.500 inches

Center Hole Diameter:

0.500 inches

Criticality Code Justification:

Zzzw

Departure From Cited Document:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
