**Cross Sectional Shape:**

O-ring

**Cross-sectional Height:**

0.500 inches

**Center Hole Diameter:**

0.500 inches

**Criticality Code Justification:**

Zzzw

**Departure From Cited Document:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A032a0
