Criticality Code Justification:

Zzzy

Special Features:

Material rubber, silicone zz-r-765; tube size 1.500 in. Nom.; i.D. 1.706/1.734 in.; width 0.114/0.122 in.; inspection mil-i-45208

Material:

Rubber silicone class q sealing element

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
