Overall Length:

16.000 inches

Cross-sectional Thickness:

0.062 inches

Cross-sectional Height:

0.187 inches

Cross-sectional Width:

0.625 inches

Construction:

Solid

Material:

Rubber chloroprene class cr

Material Specification:

Ams 3209 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
