Cross Sectional Shape:

Cup

Cross-sectional Thickness:

0.185 inches

Cross-sectional Height:

0.630 inches

Center Hole Diameter:

Between 1.046 inches and 1.500 inches

Peripheral Diameter:

Between 3.490 inches and 3.530 inches

Material:

Rubber polyester urethane class au or rubber polyether urethane class eu

Material Specification:

Saej200 2 bg 415 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
