Aperture Diameter:

1.770 inches

Cross-sectional Height:

1.830 inches

Cross-sectional Width:

3.580 inches

Construction:

One-piece

Material:

Rubber fluorosilicone class fq

Material Specification:

Lb o130-017, caged 43999 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
