Overall Length:

1.760 inches

Overall Width:

1.450 inches

Special Features:

Gasket has three square apertures with rounded corners each aperture has four 0.060 in. Radii, is 0.300 in. Wide and is 1.500 in. Long, gasket has chamfered outside corners

Material:

Plastic polyethylene

Material Specification:

L-p-512 type 2, cl m, gr 5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
