Cross-sectional Height:

Between 0.464 inches and 0.474 inches

Center Hole Diameter:

Between 0.636 inches and 0.646 inches

Peripheral Diameter:

Between 1.873 inches and 1.874 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
