Cross-sectional Height:
Between 0.067 inches and 0.073 inches
Center Hole Diameter:
Between 0.917 inches and 0.935 inches
Peripheral Diameter:
1.066 inches
Criticality Code Justification:
Zzzw
Departure From Cited Document:
Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A032a0
