Cross Sectional Shape:

Square

Overall Length:

2.75 millimeters

Cross-sectional Height:

0.75 millimeters

Construction:

One-piece

Special Features:

With two slots located along the length

Material:

Rubber chloroprene class cr and rubber ethylene-propylene-diene class epdm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
