Cross Sectional Shape:

Rectangular

Length:

37.500 inches

Cross-sectional Height:

Between 0.440 inches and 0.680 inches

Cross-sectional Width:

Between 0.220 inches and 0.300 inches

Material:

Rubber, ams 3195

Material:

Rubber silicone class q

Material Specification:

Ams 3195 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
