Cross-sectional Thickness:

0.093 inches

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Mil-c-6133, type 1, class 1, grade a military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0

Mil-std (military Standard):

Mil-c-6133 spec.
