Cross-sectional Height:

0.125 inches

Special Features:

Eight 0.128 in. Dia. Holes countersunk to 0.230 in. Dia.

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
