Criticality Code Justification:

Zzzy

Special Features:

Material will be stainless steel 316 and asbestos, size- 2.875 od and 2.375 id and 0.125 thick, specification per milg21032 type i

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
