Cross Sectional Shape:

Rectangular metal

Cross-sectional Thickness:

0.047 inches

Features Provided:

Nonseparable

Special Features:

Eaperture hole dia.0.694 in.; includes one peripheral flat 0.373 in.Dia.; height 0.094 in.; groove around one surface side; aircraft model hu25a atf3-6 engine midframe sump module transfer tube installation

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
