**Cross Sectional Shape:**

Rectangular metal

**Cross-sectional Thickness:**

0.047 inches

**Features Provided:**

Nonseparable

**Special Features:**

Aperture hole dia.0.694 in.; includes one peripheral flat 0.373 in.Dia.; height 0.094 in.; groove around one surface side; aircraft model hu25a atf3-6 engine midframe sump module transfer tube installation

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A032a0
