**Cross-sectional Height:**

Between 0.135 inches and 0.143 inches

**Center Hole Diameter:**

Between 1.036 inches and 1.056 inches

**Peripheral Diameter:**

1.324 inches

**Criticality Code Justification:**

Zzzy

**Material:**

Rubber butadiene-acrylonitrile class nbr sealing element

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
