Cross Sectional Shape:

O-ring

Cross-sectional Height:

0.125 inches

Center Hole Diameter:

0.938 inches

Criticality Code Justification:

Zzzy

Material:

Rubber ethylene-propylene class epm

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A032a0
