Criticality Code Justification:

Zzzy

Special Features:

Material-monel with graphite filler; size-1.960in od x 1.520in id x .100in deep groove; thickness shall be .100in with 2, 530lb applied load

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
