Criticality Code Justification:
Zzzy
Special Features:
Material-monel with graphite filler; size-4.687in od x 4.192in id x .100in deep groove; thickness shall be .100 with 19c300lb applied load
Reference Number Differentiating Characteristics:
Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
