Cross Sectional Shape:

U

Inside Diameter:

4.000 inches

Outside Diameter:

4.750 inches

Intermediate Ring Quantity:

2

Special Features:

Second ring material homogeneous viton; remaining rings to be constructed of fabric reinforced viton

Height:

Between 0.705 inches and 0.735 inches

Material:

Rubber fluorocarbon class fpm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
