Cross Sectional Shape:

Rectangular

Fabrication Method:

Cellular, unexploded

Length:

Between 4.750 inches and 5.250 inches

Surface Condition:

Smooth both sides

Cross-sectional Height:

0.625 inches

Cross-sectional Width:

0.125 inches

Special Features:

One side adhesive backed

Material:

Rubber, cellular

Material:

Rubber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
