Cross-sectional Height:

0.141 inches

Center Hole Diameter:

0.560 inches

End Application:

T700 engine, hmu fuel control

Special Features:

Turcon packing seal 0.560 id double delta channel

Material:

Plastic polytetrafluoroethylene

Material Specification:

Zz-53 comp d fscm 97820 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
