**Construction:**

Solid

**Criticality Code Justification:**

Zzzy

**Special Features:**

Outside diameter: 5.250 inch, inside diameter: 4.687 inch, width: 1.125 inch, inside groove diameter: 0.687 inch, seal shall be injection molded

**Material:**

Plastic polyethylene

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A032a0
