**Cross Sectional Shape:**

O-ring

**Cross-sectional Height:**

Between 0.067 inches and 0.073 inches

**Center Hole Diameter:**

Between 0.858 inches and 0.870 inches

**Criticality Code Justification:**

Zzzy

**Material:**

Rubber synthetic

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A032a0
