Criticality Code Justification:

Zzzy

Special Features:

Smaterial: asbestos, outside diameter: 10.250 inches, inside diameter: 5.750 inches, bolt hole quantity: 8 bolt holes at 0.437 inches on 9.500 inch diameter b.C. And 2 holes at 0.375 inch on 9.500 inch p.C. And 2 holes at 0.375 inches

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A032a0
